MATEUSZ MARCHEWCZYK

JUNIOR FRONTEND DEVELOPER

ABOUT ME

- I'm a 20 year old technical school graduate who once set a goal of becoming a developer. I have developed a lot both in coding related stuff as well as in more general things such as time management and self-discipline. I'm communicative, ambitious, willing to learn, "goal-chaser" and I would say I'm a great addition to every development team. Outside of IT I'm a sports fan, I'm also interested in games and enjoy reading books.

SKILLS

- HTML5, TypeScript, React, Next.js, Vue.js, NodeJS, Express.js, SCSS
- Bootstrap, Tailwind
- MySQL, PostgreSQL, MongoDB
- Git, Jira, Figma
- English B2

EXPERIENCE

CODERHINO – *Junior Frontend Developer*

JUNE 2023 – CURRENT

- Now my responsibilities are very similar. In the meantime apart from websites I had created a PDF generating app using Puppeteer library.

CODERHINO – *Intern Frontend Developer*

MARCH 2023 – JUNE 2023

- During my internship I had been creating websites based on Figma blueprints. Other than that I had been writing JavaScript scripts and I had known the basics of Jira.

CODERHINO – *Trainee*

APRIL 2022 – MAY 2022

- During my 1-month traineeship I had been working with an app to fetch, process and send to the frontend via sockets real-time data from a League of Legends game client.

PROJECTS

- **CODERHINO COMPANY PAGE** – *Next.js, SCSS, WordPress API*
